

Table of Contents

List of Figures and Maps	ii-iv
Executive Summary	Section A
Introduction	Section B
Population and Land Use	Section C
Environmental Awareness	Section D
Arterial Street Plan	Section E
Intelligent Transportation System	Section F
Transit Plan	Section G
Aviation	Section H
Motor Carrier and Rail	Section I
Pedestrian and Bicycle	Section J
Glossary of Terms	Appendix I
Model Appendix	Appendix II
Description of Funding Sources	Appendix III
Description of JCCOG Grant Funding Process	Appendix IV
Description of JCCOG Public Comment Process	Appendix V
Summary of Formal Public Input Received	Appendix VI

List of Figures and Maps

Transportation Planning Boundary Map	B-3
Population Forecasts Figure	C-2
Population Forecasts Table	C-3
Population Growth 1990-2000	C-4
Municipal Boundary Changes 1990-2006 Map	C-6
Existing Land Use Map	C-7
Future Land Use Map	C-8
K-12 Schools Map	C-9
Selected Commuting Characteristics Table	C-10
City and County Commuting Patterns Map	C-11
Household Income by Census Block Group Map	D-3
Non-White Population by Census Block Group Map	D-4
Sensitive Environmental Features Map	D-5
Arterial Streets Plan Map	E-4
Functional Classification and Access Figure	E-5
High Collision Locations Map	E-9
Existing and Committed Arterial Street Improvements Map	E-12
2002 Volume/Capacity Ratios Map	E-13
Existing, Committed and Planned Arterial Street Improvements Map	E-14

List of Figures and Maps Continued

2035 Volume/Capacity Ratios Map	E-15
Projections for STP and TE Funds Figure	E-17
Ten Year Average Federal Funding Sources Figure	E-18
2035 Volume/Capacity Ratios with Existing and Planned improvements	E-21
Scenario #1 Arterial Street Improvements Locations	E-23
Scenario #1 Arterial Street Improvements v/c Ratios	E-24
Scenario #2 Arterial Street Improvements Locations	E-26
Scenario #2 Arterial Street Improvements v/c Ratios	E-27
Scenario #3 Arterial Street Improvements Locations	E-29
Scenario #3 Arterial Street Improvements v/c Ratios	E-30
Scenario #4 Arterial Street Improvements Locations	E-32
Scenario #4 Arterial Street Improvements v/c Ratios	E-33
Capacities at Level of Service D Figure	E-35
Transit Service Area Map	G-2
Riders per Vehicle Hour Transit Figures	G-7
Annual Revenue Vehicle Hours Transit Figures	G-8
Cost per Ride Transit Figures	G-9
Farebox/Expense Ratio Transit Figures	G-10
Operating Deficit per Trip Figures	G-11
Transit Funding Programs Revenue Projections	G-13

List of Figures and Maps Continued

Non-White Population / Transit Routes Map	G-15
Household Income / Transit Routes Map	G-16
Special Needs Housing / Transit Routes Map	G-17
Eastern Iowa Airport Destinations Figure	H-5
East Central Iowa Airports Figures	H-6-7
Existing Industrial and Commercial Land Uses Map	I-2
Freight Transportation Data Figure	I-3
Future Industrial and Commercial Land Uses Map	I-4
Proposed Passenger Rail Route Map	I-5
Proposed Transit Oriented Development Areas Map	I-6
Walk and Bike to Work Comparisons Figure	J-1
Existing and Proposed Trails Map	J-3
Regionally Significant Trails Map	J-4
Sidewalk Deficiencies Map	J-7
Arterial Street Lane Widths Map	J-9
Neighborhood Commercial Land Use Plan Figure	J-12
