Re: Summary of Bike and Pedestrian Trail Use - 2008

JCCOG has been collecting data on bicycle and pedestrian usage on the regional trails system over the last several months. Data was collected using an infrared counter that counts both bicycles and pedestrians, but cannot differentiate between the two. Data was collected at seventeen locations: ten locations within the City of Iowa City, four locations within Coralville, and three locations within the City of North Liberty.

The count locations are based on requests from JCCOG entities, and our desire to collect a broad sample of count information.

Location	Daily Ave	Weekday Ave	Weekend Ave	Dates	Weather
Clear Creek Trail (Behind Comfort Suites)	133	105	204	08/26 – 09/02	Rain Once, Nice Otherwise
Clear Creek Trail (Near University Recreation Fields)	135	126	159	09/02 – 09/09	Rain Three Days, 70's
Clear Creek Trail (Near Tunnel)	186	137	308	09/10 – 09/17	Rain Once, Nice Otherwise
Highway 6 (Near Chili's in Coralville)	24	31	8	08/04 – 08/11	Rain One Day, Sunny Otherwise
Highway 6 (Near K-Mart)	148	146	152	08/19 – 08/26	Sunny, Highs in 70's
Iowa River Corridor Trail (At Waterworks Prairie Park)	120	103	164	07/28 – 08/04	Sunny, Hot and Humid
Iowa River Corridor Trail (Near Park Rd. Crossing)	218	164	353	09/18 – 09/25	Sunny, 70's/80's
Iowa River Corridor Trail (At Napoleon park)	84	78	99	09/26 – 10/03	Rain on Two Days
Iowa River Corridor Trail (On North Dubuque St.)	77	67	104	10/10 – 10/17	Overcast, colder, rain one day
